New Roses

RED PREMIER FOR 1925

Originated by ROBERT SCOTT AND SON. A red sport from Premier which was permanently fixed in 1922.

COLOR.—Inside of petals bright velvety, cardinal red; outside of petals bright carmine red. Very brilliant under artificial light.

FRAGRANCE.—The Bower is very fragrant.

The Rose is similar to Premier except in color. The bud is long and pointed and much better form than Premier. Dark green foliage and a stronger grower; not quite as many petals as Premier, which is an advantage. For Winter forcing it excels the parent. This Rose is destined to become our most popular Winter forcing Rose.

We are sole agents for Robert Scott and Son in the disseminating of this new Rose and will offer scions for grafting, grafted and own root plants. Prices will be quoted on application.

SILVER COLUMBIA

FOR 1925. ALL SOLD FOR 1924.

LEONARD'S NEW SILVER COLUMBIA is not only the SPECIALIST'S ROSE, but EVERY GROWER'S ROSE.

It is more than an improved Columbia. It is a stronger grower, a larger and better flower, perfectly formed. Never a cripple bud or bull head, and a much better grower. Rooted and grafted perfectly, and as easy to handle in every way as Columbia. Color, beautiful shade of deep silver pink, deepening in color as the flower opens. Awarded Silver Medal by the American Rose Society.

NEW CARNATIONS For 1925

WINSONIE. Already the largest sale of any Carnation ever disseminated. Ward by Enchantress seedling. Ward color. Prices for 1925, \$11.00 per 100, \$100.00 per 1000.

SPECTRUM FOR 1925. The best Red Carnation in sight. It is a wonder as keeper. Shipper and producer. \$15.00 per 100, \$125.00 per 1000. Get full particulars and place your orders early.

Awarded Gold Medal for best keeper at Philadelphia Annual Carnation Convention, January, 1924.

BETTY LOU (Baur & Steinhaup). Another Gold Medal variety. A variety that possesses quality in blooms and produces them freely. Color, Ward shade; very bright, very pleasing. Habit and growth is ideal. Rooted Cuttings for 1925, \$15.00 per 100, \$125.00 per 1000.

GYPSY, RED (Meuret & Schramm). A genuine and better variety, having every quality that a good Carnation should possess. Equally free as Aviator; a good keeper and shipper, as well as good form and size. Rooted Cuttings for 1925, \$12.00 per 100, \$100.00 per 1000.

CHEERFUL (Hausman & Son). New dark pink, Ward color. Continuous and free bloomer. Good keeper, well formed flowers, does not split. Rooted cuttings, 1925, \$15.00 per 100, \$125.00 per 1000.

JOHNSON'S NEW CRIMSON CARNATION

It is a seedling from Belle Washburn and does without doubt as fine a color as I have ever seen in a crimson; has plenty of life, and, unlike many crimsons, it positively does not burn or turn black on the edges. Even at this season of the year the color is still perfect. It is extremely free, a big flower, stiff, long stem, and while it is not fair to say it never splits, it is almost safe to say that there are very few split blooms; a nice habit of growth and a good propagator.

Rooted Cuttings, \$15.00 per 100, \$125.00 per 1000.
